2019 ANNUAL REPORT
GATEWAY REGION YMCA

DEAR FRIENDS,

We are so proud to present to you the Gateway Region YMCA 2019 Annual Report that highlights an outstanding year in helping address increasing needs in our community.

Our Y was founded in 1853 as a place to bring people together, provide a haven for those needing assistance and to help serve the needs of the community. In 2019, we built on that legacy by serving more than 325,000 members and program participants. Importantly, we provided more than \$6.29 million in financial assistance for children, adults and families who otherwise could not afford our services. This includes assistance for swim lessons for children who would not otherwise learn to swim, family memberships so they can get and stay healthy together, and enrollment for children in licensed preschool or school-aged care where they can receive the opportunities they need to succeed.

With our Metro Board of Directors, we updated our three-year Strategic Plan that guides our decisionmaking and future. Our goals are big, and layout

mission:

To put Christian principles into practice through programs that build healthy spirit, mind and body for all.

our three primary strategies to achieve success commitment to culture, organizational excellence and social responsibility. As part of that plan, we continued to implement our comprehensive capital campaign with the Bayer YMCA groundbreaking, a \$2.5 million **investment** that represents the first of many upcoming capital renovations throughout our association.

We are proud to share with you a snapshot of the Gateway Region YMCA over the past year and our efforts to strengthen your community. Whether you are a donor, volunteer, staff member, corporate partner, program participant, Y member, civic leader or friend, you are crucial to our success and we appreciate your commitment, participation and support.

the resources needed to
succeed.

expanded reach CAPITAL IMPROVEMENT

A groundbreaking and dedication ceremony held in St. Louis signaled the start of \$2.5 million in renovations for the newly renamed Bayer YMCA.

When completed, the Bayer YMCA, located in the North St. Louis area of the city, will include an expanded Early Childhood Education Center, expanded health and wellness services, the addition of a new STEM & Teen Technology Center and community kitchen.

The Bayer YMCA announcement is the first of four significant Phase 1 announcements planned over a 12 month period by the Gateway Region YMCA as part of our Comprehensive Capital Campaign.
