

A REASON TO RUN

The Gateway Region YMCA is part of the International YMCA Network – a powerful alliance dedicated to strengthening our global communities. Because of this global reach, we are able to respond to trends in migration, health, economic livelihood and education that are reshaping our communities.

International partnerships are developed based on the mutual interests of both local and international Ys. The Gateway Region YMCA currently partners with:

- Belize
- Brazil
- Colombia
- South Africa
- Ukraine

Imagine each stride is the Y's reach to the 119 countries around the world, where we help create greater capacity to sustain and live through programs like clean water projects, sustainable farming and educational opportunities.
