OVERALL VISIBILITY

The South City Family YMCA and Carondelet Park Rec Complex serve over 20,000 members annually by impacting lives through programs like Y Leaders Club which develops leadership skills in teens, Youth in Government which teaches youth about the democratic process, Y Diabetes Prevention Program which is a research based behavior change program for pre-diabetic individuals, Safety Around Water which teaches youth the lifesaving skill of swimming, and Summer Day Camp which allows parents a safe, fun and engaging place for their child to spend the summer. Through our mission focus of being FOR ALL, 1 in 10 city residents participate in YMCA programming and membership. Creating a more equitable society is only done through organizations focused on meeting the needs of our local community. The Y is a leading entity in ensuring citizens are able to reach their potential.

As the community continues to change and evolve, so does its needs. The Y is looking to expand impactful programming with funds raised through our Annual Campaign:

- Esports- A competitive sport through a video game requiring the use of strategy, collaboration, communication, and program solving skills to achieve individual or team success
- Teen Achievers-College readiness program that helps teens prepare, pursue and achieve post-secondary education
- LIVESTRONG at the Y-Cancer survivor program focused on bringing survivors back to physical, mental and emotional health
- Go For Green-Initiative in which all day campers that cannot swim will have access to free swim lessons
- School Safety Around Water-Program designed to create partnerships with local schools to provide Safety Around Water Speaker Series and swim lessons

Through a partnership with the Y, you can make a lasting impact by creating opportunities for youth and families to reach their full potential. Let's inspire our community together. 13% of our members currently receive subsidy and we need you in order to continue to support our community as need continues to grow.

ABOUT THE ANNUAL CAMPAIGN

The YMCA's Annual Campaign ensures that the YMCA is there for those who need us most and enables every member of our community to have access to diverse programs and activities to meet their needs. By supporting the campaign, you help guarantee that everyone, regardless of their circumstances or ability to pay, can benefit from the YMCA's value-centered programs.

ABOUT WORLD SERVICE

In addition to our local programs, the South City Family YMCA and Carondelet Park Rec Complex are committed to helping those in need around the world. There are YMCAs in 119 countries and we are committed to helping some of them meet the needs within their communities. A portion of our Golf Tournament benefits these YMCAs and communities every year and allows those communities to create greater capacity to sustain and live through programs like clean water projects, sustainable farming and educational opportunities. For more on Y World Service visit www.gwrymca.org/ymca-world-service
