HOW WE PLAY THE GAME!

Youth Sports: Overview for Parents
GATEWAY REGION YMCA

WELCOME PARENTS AND PARTICIPANTS!

Thank you for choosing the YMCA for your child's youth sports experience! Our goal is for all youth sports participants, both parents and children, to have an enjoyable experience.

Skill development is the main component of all YMCA Youth Sports. Each child will play an equal amount of time in every game as close as possible based on the team roster. A fun and friendly environment is characteristic of all YMCA programs.

Our program is made possible by the dedication of our volunteer coaches. They put in many hours of work to make the league a success, investing their time and energy into the lives of young people in our community. If you are interested in volunteer opportunities, please contact your YMCA youth sports director.

We hope you will take an active role in your child's experience this season. Please support your child by participating with him/her during the practices and games. Time spent with your child at home developing sports skills builds confidence and strengthens parent-child relationships. We look forward to serving you and your child in our youth sports program.

The YMCA: We're for youth development, healthy living and social responsibility.

YMCA MISSION

To put Christian principles into practice through programs that build healthy spirit, mind and body for all.

All of our programs are centered around our mission and our four core values of character development: caring, honesty, respect, and responsibility. Your child will learn about these core values and how they apply to their lives on and off the field. We hope you will take time at home to reinforce the values and their importance.

OUR PHILOSOPHY

Our philosophy for youth sports is simple: Everyone Plays, Everyone Wins. We ask that you make decisions based first on what is best for our young athletes and second on what may improve the athletes' or team's chances of winning. It does not mean that winning or striving to win is unimportant. We believe that winning should take a back seat to what is in the best interests of our young participants who are here to have fun and build their self-confidence.

OUR CORE VALUES

Caring

"A choice to care without conditions or limitations." Listen and treat all players equally.

Honesty

"Truthfulness and genuineness with yourself and others." Make the right call, even when the cost is high.

Respect

"Honor toward others; humility." Treat players, opponents, officials, and parents as you would wish to be treated. Put-downs, name calling, and yelling set a bad example.

Responsibility

"Trustworthiness; the ability to be depended on." Know the important principles of the sport. Strive to improve your own performance as a coach, official, or spectator.

THE YMCA SEVEN PILLARS OF YOUTH SPORTS

1: Everyone Plays

We do not hold tryouts; nor do we cut kids from our teams. Everyone who registers is assigned to a team. During the season everyone receives equal practice time and plays at least half of every game.

2: Safety First

Although some children may get hurt playing sports, we do all we can to prevent injuries. We've modified each sport to make it safer. We ask you to take time to check that the equipment and facilities are safe and only teach the sport as instructed by your coach, so that the skills taught are appropriate for each child's developmental level. Players should increase their fitness levels gradually so they are conditioned for the sport. We rely on parents to supervise their players and stop any unsafe activities.

3: Fair Play

Fair play is about more than playing by the rules. It's about other players showing respect for everyone involved in youth sports. It's about being a role model of good sportsmanship and guiding your players to do the same. We're more interested in developing children's character through sports than in developing a few highly skilled players. Players are only allowed to play on 1 team in our leagues. You sign up for 1 team and therefore cannot play on multiple teams.

4: Positive Competition

We believe competition is positive when the pursuit of victory is kept in the right perspective. Winning isn't everything. Learning to compete is important for children, and learning to cooperate in a competitive world is an essential life skill. The "right perspective" means adults make decisions that put the best interests of the children above winning the game. These are the lessons we want to teach through youth sports.

5: Family Involvement

We encourage parents to be involved appropriately along with their child. In addition to parents being helpful as volunteer coaches, officials, and timekeepers, we encourage them to be at practices and games to support their child's participation.

6: Sports for All

We strive to make this is an inclusive sports program. That means that children with different abilities and skill levels are included in participation. We ask our adult leaders to support and appreciate the diversity of children in our society and to encourage the children and other parents to do the same. We do not forfeit games; instead, we share players and proceed with planned games.

7: Sports for Fun

Sports are naturally fun for most children. They love the challenge of mastering the skills of the game, playing with their friends, and competing with their peers. As parents, we all have a role to play in keeping the focus on having fun and providing a positive, supportive environment. The important thing is that everyone enjoys playing.

PROGRAM COMPONENTS

Each player will receive their team jersey/shirt before the first game of the season. Team Formation

We try to meet every player, coach and practice request when creating teams, however, that is not always possible. In cases where we are not able to meet a request, we will do our best to find a team that will be a good fit

Practices and Games

Each team has one practice a week. These practices are determined on the coach's and player's availability and will meet at the predetermined location chosen by the YMCA. Games will be determined by the game schedule but are typically held on Saturday at the location determined by the game schedule you receive at the beginning of the season. Practice and game schedules are sent through YGameTime.

Game Locations

Teams may have away games at other YMCA locations. We limit travel as much as possible and make it fair for all teams in the league. In order to create full leagues and allow all kids the opportunity to play, some travel may be required.

Coaches

All coaches at the YMCA participate on a volunteer basis. They must complete volunteer training and are subject to a criminal background check. We do not take your children's safety lightly and take steps to ensure that our youth sports programs provide a safe environment. (If you are interested in learning more about becoming a coach for the YMCA, please let your YMCA youth sports director know! Coaches attend a pre-season coach's meeting where they receive information they need.) On the first day of practice, coaches are introduced to parents and players and they provide their contact information.

Instructional Sports

Our leagues are instructional in nature to help children learn a new activity or build upon previous skills. The emphasis is on skill development and enjoyment.

Cancellations

Sometimes it is necessary for practices/games to be canceled due to inclement weather. YMCA youth sports directors are responsible for making these decisions, and will do so in a timely fashion. YGameTime will be utilized also for text and emails to coaches and parents. We will make every effort to schedule make-up games but they are not guaranteed due to possible time and field constraints.

The Y guarantees 6 games in 7-game sessions and 5 games in 6-game sessions. If the Y doesn't uphold these guarantees, we will prorate and credit the account. All system credits will be applied at the end of the session.
